PROFILE

Video journalist and digital content producer with three years' experience at two of India's leading news and environment titles. Shoots, reports, edits and publishes across formats — long-form documentary, ground reports, explainers and vertical video — with work drawing 975,000+ views. Reports on energy, climate and environment policy, runs social channels end to end, and designs data-led creatives.

WORK EXPERIENCE

Down To Earth | Video Journalist and Digital Content Producer

New Delhi | December 2024 – July 2026

- Shot, reported and edited 3+ multimedia stories a week on energy, climate and environment policy — research, scripting, filming, editing and CMS publishing; work has drawn over **570,000 views**
- Shot and edited *Kochi's Transport Transformation*, a 17-minute film on integrated public electric mobility and EV infrastructure — **103,000 views**
- Produced *No Snow, No Rain*, on Uttarakhand's hydrological drought and its effect on farming, forests and glaciers — **95,000 views**
- Shot and cut explainers on energy and resource security — the Strait of Hormuz oil crisis, India's widening water gap, Ganga water quality at the Maha Kumbh — each drawing over **40,000 views**
- Filmed, edited and voiced a ground report on the decline of Delhi's suburban railway — **21,000 views**
- Ran day-to-day management of Down To Earth's social channels: content calendar, platform-specific captions, creative design and publishing
- Designed data-led creatives and motion graphics in Canva and After Effects; produced the monthly podcasts *Carbon Politics* and *Beyond the Plate*

ThePrint | Video Journalist

New Delhi | September 2023 – October 2024

- Shot and co-reported from Manipur during the 2024 poll boycott amid ethnic tensions, producing field packages independently under breaking-news deadlines — **43,000 views**
- Shot and produced coverage of Prashant Kishor's Jan Suraj Yatra across Bihar and the 2024 Jammu and Kashmir assembly elections, including a long-form interview that drew — **364,000 views**
- Cut long-form field footage into short-form and vertical video for YouTube and social distribution
